That \$158.4 million will be distributed to those counties based on the number of homes substantially damaged. Edgecombe's share will be 18% or \$28.5 million. Use of the funds must be according to the plan the State submitted to the US Department of HUD. The majority of the funding is to be used for housing related activities. Counties are to take the lead in implementing these CDBG-DR funds, and we have to submit a plan as to how we will work with the towns by August 11th. Mr. Evans stated that as with other CDBG programs, this requires that citizens be given the opportunity to participate in the planning and decision-making process. Two public hearings are required before more detailed applications are submitted by September 15th. Mr. Evans requested that the Board call for two public hearings to meet this requirement.
